Note for

I have been informed that members of IRS and your people have had preliminary discussions concerning those GDIP/SRV strawmen candidates that are of interest to this Directorate. As the exercise develops further and specific proposals for resource reductions emerge, I will be happy to provide to you impact judgments on the issues under review.

I think the best procedure would be for your Staff to maintain direct contact with people who will continue to represent DDI interests and keep me informed of the need for official Directorate positions.
